

AS 1428.1-2009 Compliant Tapware

Hygienic, water-saving tapware designed for accessible washrooms

The Presto Volta sensor tap and Presto 705 timed-flow lever tap are independently certified as being compliant with AS 1428.1 – 2009 and the intent of the Disability Discrimination Act (DDA) when paired with compliant basins. They're ideal for the needs of people who use accessible washrooms.

TYPICAL USES

- ✓ Sport and leisure facilities
- ✓ Schools and childcare centres
- ✓ Hospitals and healthcare

AT A GLANCE

- ✓ The same model taps can be used for both general and accessible washrooms. This also assists with standardising spare parts stock.
- ✓ AS 1428.1 – 2009 compliant (certified by Access Australia)
- ✓ AS/NZS 3718 WaterMark certified
- ✓ WELS 6 star rated

The Presto Volta Sensor Tap

Suitable for use in general and accessible washrooms

KEY ACCESSIBILITY FEATURES

- ▶ Easily accessible sensor activation
- ▶ Automatic shut off
- ▶ Ultra-hygienic no-touch tap

COMPLIANT TAPWARE

- ▶ P55066 Presto Volta sensor tap — battery
- ▶ P55053 Presto Volta sensor tap — mains

The above taps are compliant with AS1428.1 – 2009 (Amdt 1) when installed in accordance with this standard and with the basins in the tables to the right. If there is a basin not in the table, please contact Thornthwaite to assess the suitability. Dimensions of basins may change at any time without notice. Installer needs to check all dimensions to comply with AS1428.1.
