About Rada Pulse

07

Rada Pulse controls water flow to up to 10 outlets, including basins, showers and/or urinals.

Each outlet has its own sensor operating system that is linked to a central control box, where each outlet is programmed via a hand-held programmer.

For Rada Pulse, you will need to order the following:

- Up to 10 sensor operating kits
- 1 x Rada Pulse Control Box per ten outlets
- 1 x Handheld programming unit

Each sensor kit comes complete with a sensor, solenoid valve, inlet isolating ball valve and air gap.

Sensors are supplied with 3m cable which can be extended by using CAT5 UTP or CAT5 STP twisted pair data cable (not supplied). Solenoid cable not supplied.
